

The Antenna Professionals

Soldering Technician – Grand Haven, Michigan

RAMI specializes in the design, development and manufacturing of antennas and is an industry leader in custom designed antennas for military, general aviation, and heavy-duty trucks. We are currently in search of Soldering Technicians to join our team in Grand Haven. In this role, you will be reading and following Process Instructions and Product Prints to properly assemble the required electronic components and/or sub-assemblies.

What it's like to work here:

When RAMI started engineering and manufacturing antenna systems in 1956 we set a precedent that every aspect of the business would be conducted with a focus on accuracy, innovation, cost control and customer service. This means hiring the best people, running an impeccable facility and investing in the latest technologies.

To this day, you will still find those values woven into every aspect of our work. Our team is deeply invested in doing whatever it takes to help make each project and the company successful. We also feel passionate about mentoring and developing our team members to grow in their field and learn new skillsets.

What you will get to do:

- Operate electric oven to cure fiberglass cores.
- Join wires, solder joints, chip capacitors or resistors and other components to each other or to PCB (Printed Circuit Board) by soldering.
- Perform soldering using hand soldering iron, soldering pot or resistance soldering fixture.
- Perform proper application of fluxes; e.g., rosin, organic, etc.
- Use soldering tools and equipment; i.e., soldering iron, soldering iron tips, resistance soldering power units and hand pieces or solder pots.

What will make you successful:

- Soldering Certification Class, per ANSI/J-STD-001
- Experience with circuit boards
- Experience with solder pots
- Blueprint reading
- Industry experience
- Hands-on work style
- Experience working with pliers, screwdrivers, wire clippers, wrenches, fixtures and other assembly tools to perform assembly operations.
- Team player
- Excellent communication and writing skills
- Must have current and continuing right to work in the United States of America without sponsorship

What's Next: Please submit a resume via the link on the website - www.rami.com/job-openings/
